Madhu Ghimire

Web Developer Internship

• 9864575872 • madhusudan2058@gmail.com

Enthusiastic and detail-oriented React developer with a strong foundation in JavaScript, HTML, and CSS. Currently pursuing Bsc.CSIT at Orchid International College. Eager to contribute technical skills and passion for web development to a dynamic internship opportunity.

EDUCATION

High School   Kathmandu

Goldengate Int'l College   Jul, 2017 - Mar, 2019

 "I successfully completed my high school education at Goldengate College, earning a High School Diploma."

Bachelors in Computer Science and Information Technology   Kathmandu

Orchid Int'l College   Apr, 2020 - Present

"Enrolled in the Bachelors in Computer Science and Information Technology program at Orchid International College, actively advancing my skills and knowledge in the field."

PROJECTS

Todo App

Developed a dynamic and user-friendly To-Do application using React, where I gained hands-on experience in implementing CRUD operations and introduced a toggle functionality for seamlessly switching between light and dark themes. https://task-todos.vercel.app/

Currency Converter

I recently developed a dynamic and user-friendly Currency Converter application using React, showcasing my proficiency in modern web development technologies. This project allowed me to gain hands-on experience with React **hooks**, particularly **useState**, and implement a **custom hook** for enhanced functionality and moreover got familiar with **TailwindCss**. https://github.com/mgmr99/react-projects/tree/main/currencyConvertor

Netflix Clone

"I am currently engaged in the development of a Netflix clone using React JS, an immersive project that has deepened my understanding of web development. In the course of this project, I am actively incorporating React Router to create a seamless, multi-page user experience. Furthermore, I am utilizing Firebase for hosting, gaining hands-on experience in deploying and managing web applications in a real-world environment."

TRAINING/CERTIFICATIONS

ReactJs Training Program   2022

Broadway Infosys

"I actively participated in a comprehensive 30-hour React JS training program organized by Orchid International College. Throughout the program, I acquired valuable hands-on experiences, enhancing my proficiency in React development. This training not only provided me with a strong foundation in React but also allowed me to apply the concepts learned through practical exercises and real-world scenarios, contributing significantly to my skill set in web development." - Certification

SKILLS

HTML/CSS, Javascript, ReactJS, Bootstrap, Tailwind CSS, PHP/Laravel

LANGUAGE

Nepali, English
